Issued: April 2007 Revised: 6/2021, 10/2025			

PURPOSE: To clarify employment terms, how policy revisions are communicated, and to clarify references to gender.

PROCEDURE:

1. AT WILL DISCLAIMER

- A. St. Mary's does not guarantee that any employee will be employed permanently or for a specific length of time. This manual is not a contract of employment.
- B. All St. Mary's employees are employed "at will." This means that St. Mary's may terminate employment at any time, with or without cause and with or without notice.
- C. This also means that the employee may voluntarily resign at any time, with or without notice, except that a failure to give notice upon resigning voluntarily may have adverse effects, as described in the "Termination" section of this manual.

2. REVISIONS TO THIS MANUAL:

- A. St. Mary's reserves the right to change the terms of this manual, and its application, with or without notice to employees.
- B. All changes in policies or rules made after this manual has been issued will shared with staff on our HRIS system. All employees will be required to review and acknowledge electronically and will be on file in the Human Resources Department. The complete HR policy manual will be maintained on the internal company website.

3. REFERENCES TO GENDER:

All references in the HR Policies to one gender shall be considered a reference to both genders, unless the context clearly indicates otherwise.
